

DELORES STAGE NAME

HINT

SCROLL DOWN

You will need to use the image of the letters that go around in a circle. There is an inner circle and an outer circle of letters along with a compass. All the inner letters need to be rotated until A matches up with North. The outer letters will need to match up with West. You may find it easier to write them down yourself in the correct order. Use this information and follow the directions on the right side of the door. This will spell out her new stage name.
