

White Kitchen Cabinet

Hint File

Scroll down

Ben tells you to use his meter. There are 5 colored bulbs at the top the meter which is the first clue. A close up of the cupboard reveals the next part of the puzzle. It says L1 with an arrow to the left. You will need to move the letters one left (ex: if it was an o then it would become an n.) Then organize them according to the colors of the meter. This will spell out a word to unlock the cupboard.
